Re: Docket# 98P-0151/CP1

A petition has been filed to prohibit the slaughter of downed animals. This petition promotes compassion and health. By removing the market for downed animals, the livestock industry will have more of an incentive to treat animals humanely, euthanizing "downed" animals on farm, and more importantly, preventing the injuries that cause "downed" animals in the first place.

Please support docket# 98P-0151/CP1
